

Firestick Zoom Out: How to fix Fire TV Stick Zoomed In With Orange Accessibility Settings

Firestick Zoom Out when Zoomed In Help - Turn Fire Stick Magnification On and Off

To turn the **Screen Magnifier** on or off, hold the **Back** (not Rewind) and **Fast Forward** buttons on the Firestick remote down at the same time. Please have patience while holding these both down, as it takes 3 to 5 seconds to switch.

Firestick Zoom Out when Zoomed In Help - Switch Fire Stick Zooming On and Off

If you wish, you can easily switch the **Firestick Zoom** feature on or off while the **Screen Magnifier** is enabled. Simply press the Play/Pause button at the same time that you are holding the menu button down to do so.

Firestick Zoom Out when Zoomed In Help - Zooming In and Out on Fire Stick with Fire TV Remote

To zoom in or out while **magnification** and **zoom** are enabled, you can hold the **Menu button** down, then also tap either the **Fast Forward** (zoom in) or **Rewind** (zoom out) button.

Firestick Zoom Out when Zoomed In Help - View Fire Stick Screen While Zooming On

To **Pan** around the screen while you have your **Firestick zoomed in**, hold the **Menu button** down, then use the **Ring button** to pan the image on the screen up, down, left, or right.
